

GUIDED CUTTER SKIDS

Tight water pattern for efficient cleaning and pulling

The unique, Guide Skid is designed for use with the Micro Chain Cutter, Mini Chain Cutter, Aqua Power Junior and Aqua Power Mini. The Guide Skid allows the nozzle to rest within the skid, which

provides the nozzle to remain centered within the pipe, optimizing the water flow, cutting through pipe debris.

GUIDED CUTTERS SKIDS

Product Shown Above	Part Number	Nozzle Usage	Weight (pounds)	Dimensions	Pipe Size
A	200111	Micro Cutter 4" Aqua Power Mini	.75	3 1/4"	4"
B	200112	Micro Cutter 6" Aqua Power Mini	1.25	5 1/4"	6"
